Memories '81-'82

# Memories . . .

### **"The Way We Were"**

**Memories light the corners of my mind  
Misty water colored memories  
Of the way we were.**

**Scattered pictures of the smiles we left behind  
Smiles we gave to one another  
For the way we were.**

**Can it be that it was all so simple then,  
Or has time rewritten every line?  
If we had the chance to do it all again  
Tell me would we? Could we?**

**Memories may be beautiful and yet,  
What's too painful to remember  
We simply choose to forget.**

**So it's the laughter  
We will remember,  
Whenever we remember  
The way we were.**

**The Way We Were.**

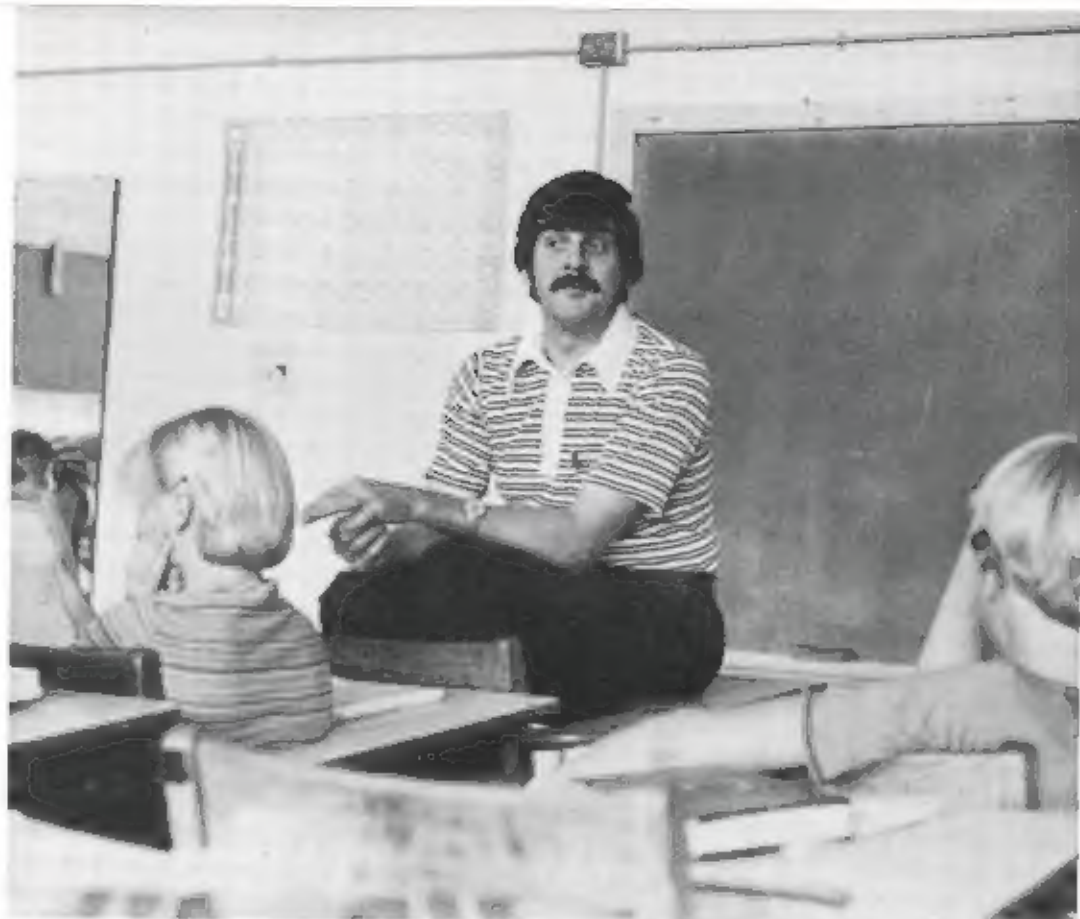

Memories are made of things  
 That happen everyday  
 Moments as we live them  
 Things we do or say  
 Little bits and pieces  
 Of laughter mixed with tears  
 Paragraphs and pages  
 Written through the years  
 The carefree days of childhood  
 The growing pains of youth  
 A few illusions shattered  
 In the endless search for truth  
 The friendships we remember  
 Mistakes that we regret  
 The ending of a love affair  
 We never could forget  
 Yes, memories are happenings  
 Each one a seperate chapter  
 That is printed on the mind  
 We can't erase the sadness  
 Or edit the tears  
 We can't undo the wrongs we've done  
 But since memories keep building  
 Each day can be the start  
 Of making new and happy ones  
 To store within the heart.

# SUMMER

Summer began for most of South Point the minute the seniors were pronounced "graduates" and were off to the beach. Many cut their trips short though due to our state 3AAA championship. Days were spent at the pool, sitting at a friends house etc. Toward the end of the summer many returned to prepare for another big year. Colorguard members attended camp and football players and cheerleaders practiced right up until school began. It was one big, exciting, action packed summer. It was great.

## NEW BEGINNINGS

At a time when we have a lot of decisions to make, school began to occupy our time again. Seniors begin to seriously consider college or a job after graduation. Juniors weigh the values of different class rings and check the price tags. The sophomores seem to be the lucky ones, they have just one thought on their minds. They are now truly RED RAIDERS and have 3 years ahead of hard work and good times. Every year, three different classes make up South Point High School, but some things never change. You can still see the pride and leadership in academics and athletics and you hear the laughter and cheers during classes and pep rallies. We all have fond memories and miss our friends from the class of '81. But when June 4th rolls around we will know that 82-83-84 is the Winning Combination!

# Homecoming Week

**HOMECOMING**—This word had many different meanings this year. For the alumni, it meant returning to their alma mater for a night of reminiscing. For the sports fans, the football team shut out Burns 13-0. But for 16 lovely ladies, being a member of the 1981 Homecoming Court is unforgettable. There was shopping to be done, a special dinner was attended, and practice with the band for the special night. Spirit week was a huge success. Students enjoyed participating in Stomp-'em, Lick-'em, Boy hates Girl, and Girl hates Boy days. Friday began with a school assembly. Each girl, dressed in a formal gown, spoke of South Point in a speech entitled "Spirit". Their senior football player escorts were dressed handsomely in suits.

At the football match, emotions ran high. As Joe Messer began his presentation of the queen, the crowd quietened. Then, for the second time in the history of the school, the voting was proclaimed a tie!!! Miss Denese Harper and Miss Marci Holt were both crowned 1981 Homecoming Queen. With tears in their eyes, they each accepted a bouquet of roses, a diamond crown and the traditional "Queen's sash". These two girls will always share this special day.

# Barbeque

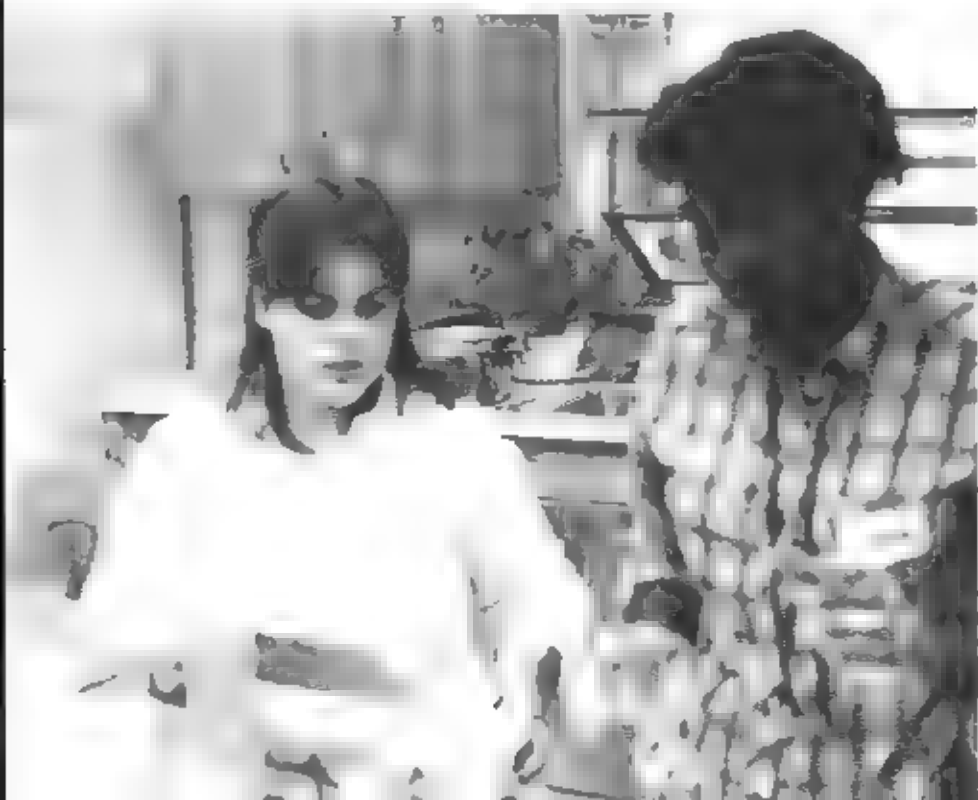

October 23rd was a big day at South Point. The Senior Show took place in the evening and, yes, it was BARBEQUE TIME again. This is a total student and faculty project which raises money for our school. The profits are divided between the different extracurricular activities and clubs. Two weeks prior to the barbeque, students began selling tickets. As an incentive, if a student sold seven tickets, he was able to attend the movie "The Way We Were", but that wasn't all! The three people that sold the most tickets after the first week were given two tickets to the "Journey" concert at the Coliseum in Charlotte. This was one of the top concerts of the year and was a total sell out. Through out the day students delivered barbeque to local businesses and many people "munched out" in our own cafeteria. This year the profits were abundant and so was the fun!

Look out stomach, here it comes!

Time out for a pose.

We've got the rolls, but where is the barbeque.

# ENGLISH

This year's English students learned mainly about composition. They also learned skills pertaining to sentence and paragraph structure, which helped them express their ideas in words.

Many senior students each year must do a term paper, this year however the juniors were in the library digging up information for their own term paper

This year many students have found reading an almost enjoyable skill because of the Sustained Silent Reading Program still in effect from last year.

Right: "Sometimes English isn't my favorite subject," says Kathy Auten.

# MATHEMATICS

Above: Some of them are actually paying attention!

South Point's math department covered a variety of courses. A student could take anything from general and consumer math, which was for learning or sometimes re-learning the basics of math, to calculus and trigonometry designed for students who wanted a deeper study into the field of math.

Below: Jerome Leigh's concentration seems to be drawn away from his geometry to his solution of the Rubik's Cube.

Above: Miss Jones watches on as her second period Algebra I class solves their equations.

Below: Mrs. Brown passes out those infamous test scores to an anxiously awaiting class.

Todd Melton debates a question in Mrs. Traywick's class

Though some of these students are only study hall students, even they are learning about Algebra II.

Jennifer Cornelius seems to be in deep study of her classwork.

## PARLEZ-VOUS FRANCAIS?

Learning vocabulary, making posters and animals, doing skits, and becoming "le professeur" for a day were all a part of French Classes. In French III students had a chance to teach little children a bit of French. They both seemed to learn a lot of French from this experience.

Around Christmas French classes looked more like Santa's workshop, than a French class. French I and II made Christmas cards and sang Christmas carols, while French III prepared cards and learned new carols to sing to the people they visited in the hospital.

Taking trips is what many students enrolled in history classes may have very well been doing by the means of films, filmstrips, and even deep discussions. Many students may have felt as though they were being projected back through time and space into a time of colonial uncertainty, or perhaps just back to the Watergate Era. Other students were taking different trips—trips into the subconscious mind in their Psychology classes.

Psychology, being one of the most popular courses offered at South Point, deals with human behavior and its condition under certain stresses. Other areas of study in this class were mental illness, perception and emotions.

Also offered for those who were more interested in study of our nation's history was an Advanced Placement History course. After completion of the course the

fourteen select students who took the course are tested for six hours of college credit. This course took long hours of reading and studying for Mrs. Medlock, the instructor, as well as the students participating.

Either as a sophomore or a junior, students were required to take U.S. Studies. Students in this class were taught about laws and the law-making system of the United State.

Another course is World Cultures. This class is basically about the cultures of the world, the way certain people live, and their lives.

All in all, South Point students have a variety of history courses to choose from for better learning.

Cookie Thompson gives the photographer a mean look.

Jamie Denton must be thinking "Thank God It's Friday."

# SCIENCE

There are three science courses available at South Point—biology, chemistry, and physics. Biology is taught to sophomores. These students study genetics, anatomy, and ecology. Chemistry is the scientific study of atoms and molecular structure. Chemistry students do many experiments and lab. write-ups. Physics is the study of force, motion, and gravitation. These are only a few of the things students learn in this class. Taking this fully prepares students for the science classes they may take in college.

# HEALTH OCCUPATIONS

Health Occupations is a course designed to give students the means of obtaining realistic information in determining their own interests and suitability in the health field. The main goal of the class is to prepare students for entry into professional training programs in the health-related occupations.

HO I is a one hour classroom study and is designed to prepare students with knowledge, understanding, and a minimum of basic skills. Among the included areas of study are personal, family, and community hygiene, disease control, basic anatomy and physiology in the health field. Instruction on first aid is also given.

HO II is composed of a select group of 18 students who show particular interest in the health field. Being a daily two-hour course, students spend two days a week at local health agencies to extend their classroom study.

By exposing students to the variety of health careers, it is hoped that each student will discover his position in the world of health.

# PHYSICAL EDUCATION

The physical education department at South Point consisted of a variety of sports including hockey and basketball, which was played indoors, and football, softball, and soccer which was played outdoors. Also, a unit of weightlifting and golf was taught in the spring. During the year of P.E. a student had the opportunity to find that all those hours in the gym were worth it because of the increased vigor and stamina.

# The House That Carpentry Built

Carpentry students got out the nails, saws, boards, rulers, and hammers to start their building. By the end of the year every student had helped to build the carpentry shop's house. This gave them much experience for a possible carpentry job after they get out of school.

Students in Drafting I and II were taught the basics of drafting. They were taught information to help them to develop their drafting skills. In Drafting III, Architectural Drafting, students learn about designing houses, building codes, and cost analysis.

# BUSINESS OCCUPATIONS

Business courses offered a variety of subjects which taught students useful office and management skills. Many students seeking a career in business found the various business courses offered very beneficial. Introducing interested students to the world of business and efficient operation of many objectives stressed by the instructions of the business department. Basic skills of shorthand, typing, and business math were highly emphasized. Typing I is recommended for anyone going to college. Typing II, Shorthand I and II, accounting, and business mechanics are taught to better acquaint students with business and increase their skills in business related jobs.

## ON THE JOB

In career classes, students learned the fundamental ideas needed for business and trade. Students in DE, taught by Mrs. Ousley and Mr. Rickard, learned the basics of distribution and marketing, retailing, and dealing with customer complaints in a proper way.

Mr. Williams and Mr. Greene taught ICT, another branch of the career program, in which students were trained on the job, in the occupation of their choice. Students taking ICT consisted of those interested in trades.

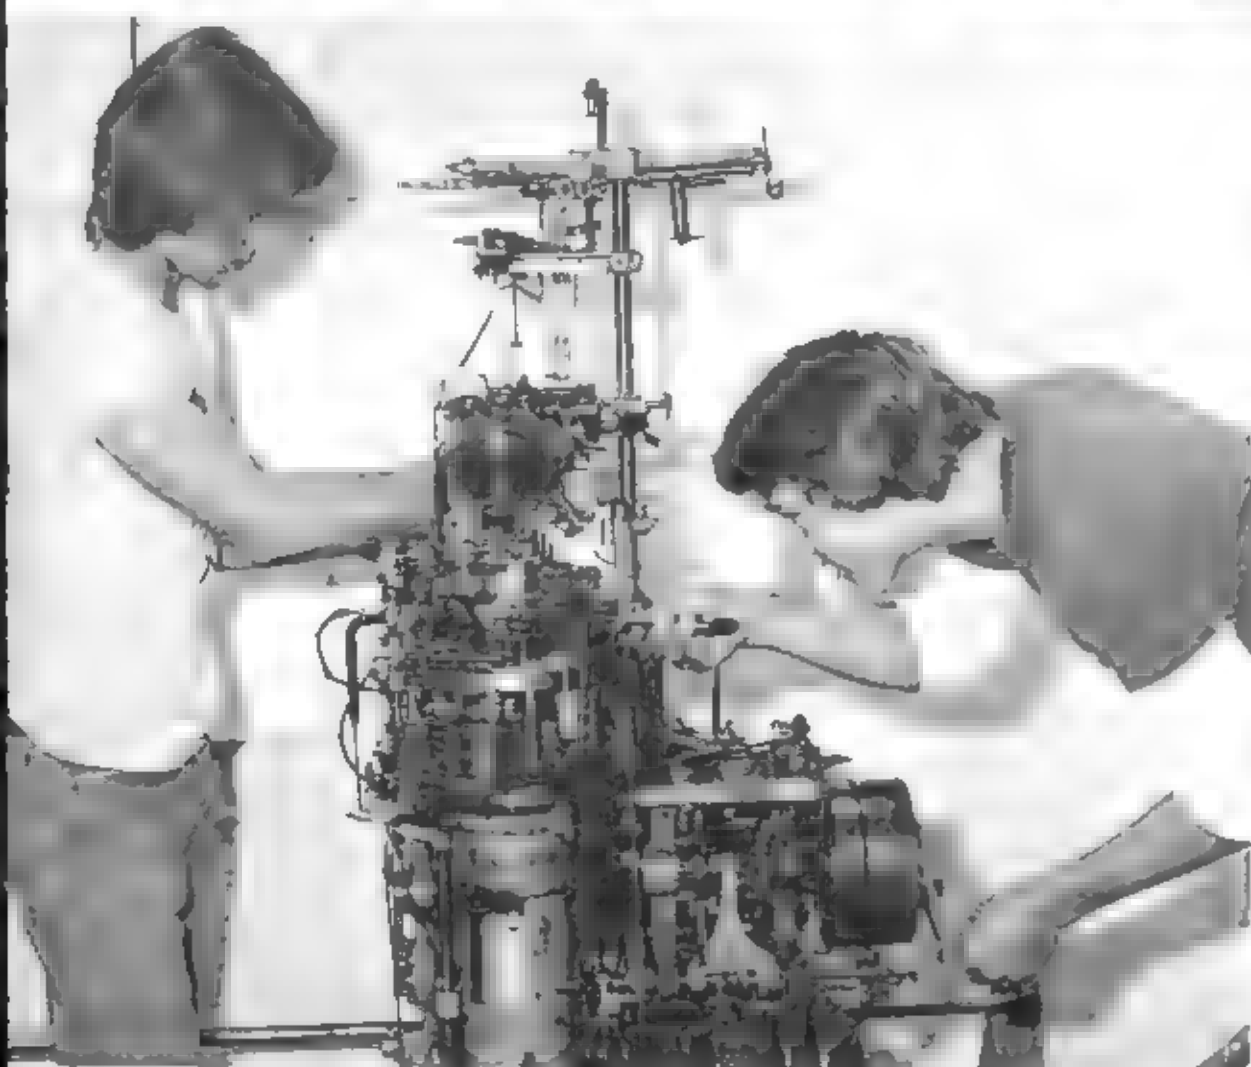

Mr. Matheson's knitting technology class teaches highly specialized skills which can be used in the industry of the Belmont area.

# HOME ECONOMICS

Designed to give students practical knowledge in domestic subjects, home economics includes studies on foods and nutrition, sewing, decorating, and various arts and crafts. Even for those who aren't planning to become future housewives, home economics provides a course instructing young people in a variety of home related skills.

Keeping students and faculty informed, the *Tomahawk* staff worked diligently throughout the year. With the guidance of the staff's advisor, Mrs. Marsha Jones, accurate and, perhaps, even exclusive reports written by staff members led to the success of the publication.

Co-editors Robin Lancaster and Gern Dobbins worked with the rest of the staff in creating new ideas for the newspaper. With each new deadline that arrived, the 1981-82 *Tomahawk* staff felt reassured that they were presenting a first-rate newspaper.

Working many long and hard hours, the *Clarion* used a variety of journalistic techniques to create a yearbook that is unlike previous editions. Learning how to crop pictures, write copy, captions, and headlines, the junior staff members worked alongside their senior editor, Jan Duncan.

Attempting to produce the best book ever, the staff began working hard. The obvious place to start was choosing a theme. After checking out several ideas, it was decided this year's theme would be "The Way We Were."

The objective of the 1982 *Clarion* staff was to construct a yearbook incorporating the memories of our happy school years.

South Point's art department is divided into three classes—Art I, II, and III. In Art I students learned the basics of art by drawing, painting and sculpturing clay. Also, students took tests to help them recognize art terms. In Art II and III, students went farther into their drawings, paintings, and sculptures and usually displayed alot of their work in art shows around the Gastonia area.

# DRIVER'S EDUCATION

Above left: Jill Gordon must have driven well, she's still smiling.

Below left: Mr Faulkenberry goes over the basics of driving with Dion Lucas before he lets him drive.

There were many new experiences that the sophomore had to look forward to, or dread, whatever the case may be. Driver's Ed. seemed to cover both. Students were glad to be learning to drive, but were also scared of totally destroying the car, as well as the passengers. After six weeks of class work and six hours of roadwork, the students weren't quite as scared and were ready for their sixteenth birthday and, hopefully, their license.

# CHORUS

The South Point Chorus consists of two groups—chorus and select chorus. To be in the select or advanced chorus, you have to audition. The entire chorus is learning to sing in Latin and all of them have the chance to audition for Honors Chorus or the Mars Hill Choral Clinic.

Above: Practicing harmony, chorus members join together in a song.

Stage band is held sixth period. The instruments included are saxophone, trombone, trumpet, and percussion. Students involved in the class broaden their musical abilities by being exposed to a different style of music; jazz. Although this class has a serious side the students involved enjoy their performances. They appear at local elementary schools, junior high schools, and the annual sports banquet.

# GUESS WHO?

## ADVISORY COMMITTEE

The Advisory Committee is an organization found in every school in Gaston County. Its members serve as (1) an advisory board, (2) a sounding board, (3) as constructive critics, and (4) as supporters of the many projects done in the school.

To be on this committee these men are nominated by the local advisory committee and then voted on by the Gaston County Board.

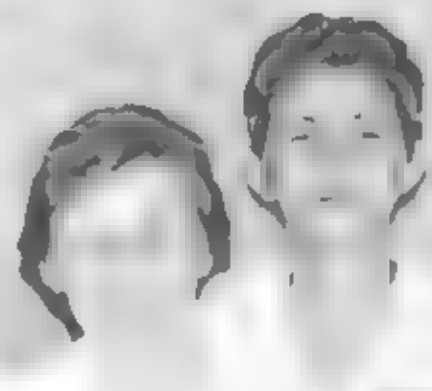

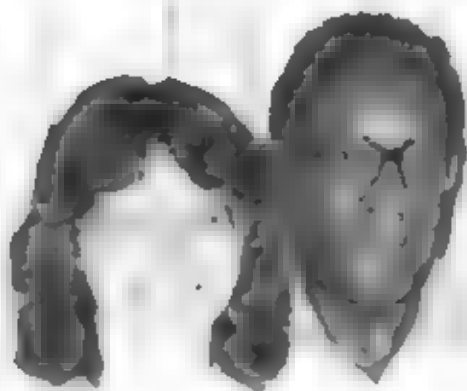

The members of the Advisory Committee for South Point are: (top row) Stanley Dudko, Farris Earle, Jr., Halden Jenkins, (bottom row) Joe Lewis, and Jack Lineberger.

## Who's Who in the

South Point. When people hear that name they think of winners. Attending South Point the last three years has been the greatest experience of my life. While I have been here there have been two state athletic championships. In 1979 the football team went 14-0 for the State 3A title. In 1981 I had the privilege of playing for the State 3A baseball championship team.

Not only does South Point excel in sports, but the people here at South Point are Number 1, too. Just walking down the halls of South Point is a great experience. The student body has an air about it that is unique. You can tell that all the students are "Red Raiders," and they are definitely proud to show it.

In leaving South Point I would like to thank the students, teachers, and administration for all of their guidance, encouragement, and the chance to be a big part of South Point. I may be leaving physically, but my heart will always be a part of this great organization. Class of '82 and South Point—you are truly Number 1.

Daie Beaty

My South Point years have been most stimulating and productive up to this point of my life. I feel that when I leave South Point, I will have the confidence and preparation necessary to lead a successful college life and later the life of a productive, responsible adult.

My most valuable memories, though, stem from the wonderful people, especially teachers, that are now my friends. Even though I will miss them, I look forward to leaving the security of these friendships for the adventure of discovering and making my future.

Gern Dobbins

The first day I entered South Point I was a frightened sophomore anxious to be a part of that Number 1 "Raider" school. I soon learned that the only way to become a part of that wonderful family was to get involved. Now almost everything I do is the result of getting myself involved. My advice to those of you who still have time left here is to go after what you've always wanted. If you leave feeling empty, it won't be anyone's fault but your own. Set goals for yourself and strive every day to meet them. Don't let opportunities pass you by, but do your best at everything. Your life will be much fuller and happier because of it.

Jan Duncan

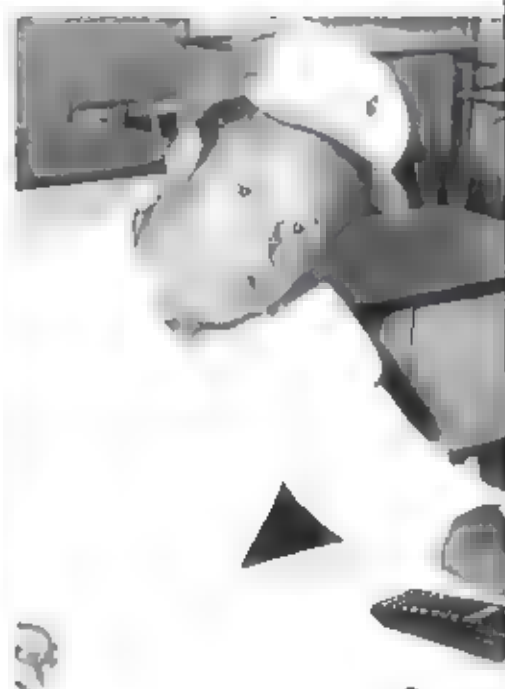

South Point: These words mean many things to many people. To me, instantly they bring a great sense of pride, an over all warmth, and a spontaneous smile. The words bring a rush of wonderful memories—memories that can never be forgotten, but instead stored in a very special place in my heart.

In the past three years I have come to learn and love so many things and people. I've found that it's not the building itself that makes South Point the best, but the people within the school. We all seem to have a driving force within us to be the best (a quality I know will always live inside me and help me in the future). Therefore we become the best.

Leaving South Point, I have mixed feelings—sadness, for I will truly miss the many friends I have made and the closeness we have all shared. There will also be happiness, for I have nothing but the fondest of memories to carry with me through a lifetime.

Denese Harper

# Senior Class

Friendship, I feel, is one of the most vital ingredients here at South Point. Even though people close to me graduated, there were always others coming up. They were not there replacing old friends, but were becoming new friends.

Too, there is our class, the Class of '82. We have been together for three glorious years. Although we are all different, we are united in a common bond of friendship and have grown closer with each triumph.

The times shared both in and out of class will forever be engraved in my mind to reflect upon in years to come. I am proud to say, "South Point you are truly my friend."

Randy Lineberger

Someone very special to me once said, "Your feelings and lifestyle will change and grow during your high school years, especially that last year."

I replied, "Maybe, but I will find out for myself."

Boy, was he right! I'm going through those changes now. Sometimes I think I'm growing up, and sometimes I think I'm still a little girl. Thinking back to my first year here, I thought I had life all planned out. Now so many plans have disappeared. I do have some definite plans and intend to follow through. Some others have really gotten me scared and confused. Things I once believed in have changed. In order to understand any part of life, you have to experience it. Those open doors get slammed in your face just as fast as the blink of an eye.

One important thing I've learned is that you must enjoy life while you can, or else you miss out on many "happenings."

Tonjua Pullings

During the past three years, I have realized that love, friendship, and spirit working together can create many masterpieces, both great and small. This spirit of working together brings about a mutual respect for each other. It is our spirit that shines through the darkness, showing us the path. The path will soon turn into a fast-moving expressway. We will then be able to pause for a moment, cherish our memories, but yet realize that the light of our spirits beckon us onward still.

Mary Scoggins

South Point—you are an inexplicable force—a force that makes one strive and aspire to excel at anything. You have shown that any obstacle can be conquered if the motivation is present. It was manifested during the 1979 football season and the 1981 baseball season. WE, and they, became champions. This may make you wonder about why the world never gives comradeship a try.

Friends, coaches, and teachers, you have prepared me for another world with knowledge, encouragement, and caring. The memories of you I will hold forever. "Thanks, You are the Best!"

Right: Even Vice President Keely Sherrill needs some teaching too.

“One smile is worth one thousand words.”

The Student Council Association is the basis for most school activities at South Point. It offers the chance for students to experience a democratic governing body like that of the United States as well as offering the opportunity to better the school and to have a say in the governing laws including the election of officers each year.

This year's association was comprised of homeroom representatives as well as the officers. The job of those students was to plan various activities for the student body including dances and the Christmas program for the Elementary School children.

Top: Even High School students act like kids when it comes to Christmas.

Left: Student Council members who participated in the Christmas Program included such jovial characters as Santa Claus and the Christmas Tree

## Beta Club

The Beta Club is a non-secret, service organization which promotes achievement and leadership. Membership is based on commendable attitude, honorable character, and an academic average of ninety-three. The Beta Club is responsible for displaying the flag on campus. They also held a walk a thon for the South Point Lifesaving Crew. During the past year the Beta Club sent representatives to Burns High School for the District Convention. In the spring, the club traveled to Greensboro for the State Convention where N.C. Vice President Randy Lineberger led one of the conferences. All the members enjoyed attending and meeting people from across the state.

The Vice President of State Beta Club, Randy Lineberger gives a speech containing a short history of the school Beta Club and the requirements of entry for the upcoming members.

The Senior Interact Club consists of 65 seniors. This club sponsored our annual BCO drive. They also planned other fund raising events to help our school as well as our community.

Some of the clubs activities were hayrides, ice-skating, swimming parties, yard sales, and BCO drive. By taking part in these activities, the members felt that they learned more about being with other people and enjoying their company. They also learned what it felt like to help people in the school and community.

# French III Club

The French III Club consisted of fourteen energetic young women and one energetic young man. The 1982 French III Club of S.P. was a unique one. They strived hard and did such projects as making the teachers candy jars for Christmas. They also visited the patients of Gaston Memorial Hospital. They gave them carnations, Christmas Cards and sang Christmas carols in French. These fifteen students learned a lot and enjoyed everything they did. One thing they learned was working together helps them to learn more about each other. The activities planned by this club were geared to help someone else. The reward these students received was making themselves happy by knowing they had made someone else happy.

# Student and Tutorial Assistants

The tutorial class includes students who have to enroll in this credit course. The students are required to be seniors and have their own transportation as well as obtaining satisfactory grades and they must not miss more than twenty days of school. Students help four schools including Elementary and Junior High. Their activities at these schools include preparing stencils and charts, collecting materials and assisting the teacher in any way they can. During this time they are learning while they are serving.

The Student Assistants are students who are either invited and approved by the teacher. This class which is a credited course is generally the same as the tutorial class in requirements and functions.

## Monogram

# Club

The Monogram Club has been a group of all the lettering athletes and cheerleaders in the past. This year the club has been resolved. In commemoration of the club here are some shots of your favorable moments

Cindy Smith, Leslie O'Neill, Leigh Ann Gossert, Andrea Walker, Kelly Oates, Dee Dee Booker, Britte Mauldin (captain), Catherine York, Lynne Grier, Andra Thomason, Donna Oliver, Courtney Peach, Hope Love, Denese Harper.

### FOOTBALL CHEERLEADERS

At home games the cheerleaders can be seen in their usual cheering line.

Even in stormy weather the cheerleaders try to keep up the crowds spirit as well as those of the players.

At the end of the school year 1981, a new cheerleading squad was chosen. Among those chosen, four returned; two seniors and two juniors. The new members include six seniors, one junior, and two sophomores. They all work hard at giving all they have at football games whether the score is in our favor or not.

# Basketball Cheerleaders

Top—Cheerleaders welcome Raiders on the court. Bottom—Cheerleaders relax after cheering on the court.

This year the cheerleaders divided into two sections, the football cheerleaders and the basketball cheerleaders. There were nine basketball cheerleaders chosen, among these included three seniors, four juniors, and two sophomores. They are all energetic young ladies with pep and enthusiasm evident by their cheering at the games, as they try their best to cheer the teams to victory. To keep in shape these girls had practices on Mondays and Thursdays as well as the game on Tuesdays and Fridays. Their sponsors are Mrs. Chisholm and Mrs. Marsha Jones.

## Baseball '81

The unity of the Raiders in 1981 was a thing of beauty. Twenty players pulling for each other at all times. Very few times was there a lack of support from the dugout. Each individual put the team above personal gain and this was the key to success. Faith in each other and determination could be felt in every tough situation. Even though there were tough games, the 1981 baseball season destined into a STATE CHAMPIONSHIP!!!!

The 1981 players composed a team that improved daily through hard work on fundamentals. Practice sessions were marked by great hustle and enthusiasm due to the fine leadership of the seniors.

The defense was a major key to success in '81. Horne and Richards executed excellent pitching to a solid catcher, Tribble. Huffstetler filled a gap at second base with some great plays and was a constant threat on the bases. Hartness at shortstop gave good range and provided necessary leadership to the infield. Cooper at third base was solid as a rock. Ballard, Spargo, and Broome came up with some spectacular plays, especially in the state play-offs.

The offense also contributed greatly to success. Timely hitting by Tribble, Horne, Hartness, Richards, Cooper, and Spargo, and aggressive base running were the team's trademarks. Pinch hitters Raines and Lee provided key hits. The skill and talent in the Raider's offense put any good team's defense to test.

The Championship Plaque

. and the Trophy.

As the end of the school year neared, the baseball team worked their way into the championship series by defeating Lincolnton, A.C. Reynolds, and East Rowan in the western state play-offs. Graduation came and went. The thing on many students' minds was the beach. But as far as Coach Tate was concerned, the Grand Strand was closed. A few students were present, but it was mostly players' parents, alumni, faculty, and supporters in the community that routed the Raiders to victory.

The opponent was a strong East Randolph. They brought with them talented players, an excellent coaching staff, and a good season record, but Raider determination tilted the odds our way. We shut 'em out 7-0 in the first match with Richards pitching a one hitter and Horne's homerun with 3 RBI's. By a score of 9-2 in the second game, the Raider baseball team won the 1981 State Baseball Class AAA Championship.

The awards ceremony that followed commended the victory. Larry Tribble was awarded Best Defensive Player, Todd Horne the Best Hitter, Randy Richards the Most Valuable Player, and Dale Cooper along with Pete Hartness the Most Improved Players. All the team members received a plaque and a medal, but the award prized most by the team was the championship trophy. In two consecutive school years, South Point has won state championships in separate sports. South Point once again has proven its' **ATHLETIC EXCELLENCE.**

Athletic director Jim Biggerstaff presents a proud Coach Phil Tate with the award.

## Girls Track '81

The 1981 Girls Track team finished 5th in the conference meet and 4th in the county track meet. We had two all conference track people. Teresa Garrett ran the mile and two mile. Milhe Whitener ran the 200 meter and low hurdles. Both girls qualified for the sectional meet which was held at North Rowan High School. Our 800 meter relay team was composed of Cynthia Reeves, Carol Hill, Jeanette Earle, and Lisa Wilson. Teresa Garrett was voted Most Valuable for the season by her teammates.

Kneeling—Faye Thompson, Jeanette Earle, Cynthia Russell, and Carol Hill. Standing—Teresa Garrett, Lisa Heafner, Myra Lancaster, Francine Melvin, Hope Love, Lisa Wilson, and Milhe Whitener

As Faye Thompson passes the baton, Lisa Wilson takes off

Coach for the Raiderettes is Earl Lingafeldt

# Boy's Track '81

The 1981 Boy's Track Team was small in number but big in desire. The whole team worked and showed a great deal of improvement as the season progressed.

Determination and talent made many of the events constantly successful during the season. Keith Young, who was awarded the most Valuable Player, was the most consistent scorer for the team. Keith Young, brother Akron Young, Derrick Howard, and Mark Mixon formed a relay team that scored well in every match. Derrick Howard also qualified for the sectionals in the long jump. The distance runners were all underclassmen who improved and promised to be the best in the conference for the '82 season. The distance runners were Tim McAndrew, Patrick Sadler, Wayne Berry, Craig Hunnicutt, and Robert Lane. The hardest working members of the track team were the pole vaulters. David Wilson, Buddy Wiggins, and Ronnie Billets showed much improvement in every meet. David Wilson was the conference champion in the pole vault event. The field people, Jeff Smith, Barry Tomlinson, Danny McKinney, John Howe, Arnold White, and John Karr picked up some valuable points for the Red Raiders.

Coach Adams was proud of his '81 track team and is looking forward to working with new members along with the returning members in the '82 season.

# Girls Softball

(Kneeling) Jarney Perkins, Kim McDonald, Myra Lancaster, Linda Oglesby, Kim Conner, Tammy Lewis, (Standing) Coach Jones, Ginger Bumgardner, Stacy Laye, Debbie Abernathy, Laura Benton, Scarlett Ford, Dee Dee Rhinehart

Myra Lancaster barely tips one right over her shoulder.

The South Point Raiderettes enjoyed a successful season in softball last spring 1981. Under Coach Martha Jones they finished the conference with a 10-3 record which was strong enough to put them in the number one spot for the Western Division of the Southwestern 3-A play. The girls entered the playoffs against East Rutherford and won the first of the three game series. Their offense suffered and they fell to the Cavaliers in the next two games. Even though the season ended earlier than the team expected, their consistent ability at the bat and in the field displayed truly a number one team. For the second consecutive year Scarlet Ford received the Most Valuable Player award. Debbie Abernathy was named to the All-Southwest Conference team and earned the highest batting average trophy.

## BOY'S TENNIS

Kneeling—Lee Bogle, Slate Thompson, Keith Lucas, Mike Angelette, Hugh Holland, Joel Wise. Standing—David Washam, Jeff Lowrance, Pat Raichford, Tim Hunnicutt, Timmy Turner, Todd Fox.

The '81 boy's Tennis Team advanced to the semi finals of the western sectionals. Several will return this year and are expected to improve greatly.

Above—Keith Lucas serves a perfect one. Left—David Washam eyes one before swinging. Right—Mike gives it his best effort.

## Golf '81

The South Point High School Golf Team finished 3rd in the conference in 1981 with the record of 12-1-1. Five of the team players qualified for the State Sectionals in Gastonia. They were: Todd Stafford, Tim Parrish, Joe Lewis, Steve Barnette, and Randy Watkins. The team also qualified for State Finals in Chapel Hill. (First time ever!)

Other players on the team were Sean Stowe and Leroy Wynn. The team will be improved this year and should be a contender for Conference Championship.

Kneeling—Leroy Wynn, Steve Barnette, and Joe Lewis. Standing—Randy Watkins, Todd Stafford, Sean Stowe, and Tim Parrish.

Todd Stafford takes a practice swing.

## Girl's Tennis '81

The record of the 1981 Girl's Tennis Team did not reflect their efforts. In an awesome conference, hard work and the desire to win could not make up for the overall lack of experienced players.

The small size of the team, seven members, was a problem that had to be conquered by energetic players. Kelly Oates, Courtney Peach, and first year Hope Love were the Senior team members. Kim Buckner, the only Junior, displayed talent and showed much promise for next season. Coach Leonhardt also placed three junior high players on the team in hopes they will bring experience when they make their move to South Point.

Top. Kneeling: Lorn Maples, Courtney Peach, Kim Buckner. Standing: Jill Merritt, Amanda Brown, Stephanie Stewart.

Left-Standing: Boyd Coggins, Jeff Pittman, David Washam, Craig Hunnicutt, Teresa Garrett, Deon Lucas. Kneeling: Clark Moore, Steve Ray, Pat Sadler, Tim McAndrew, Wayne Berry.

Below—Pat Sadler was frequently running alone and ahead.

The 1981 Cross Country team was fortunate to have returning talent from last year. The experience Coach Rudisill's team possessed accounted for much of their success, and success was dominant throughout the season. The Running Raiders took the Southwestern Conference for the fourth time in seven years, and then advanced to the sectionals where South Point finished ninth out of twenty-two teams.

The top runners were the heartbeat of the excellent season. Pat Sadler was voted "Player of the Year" by the conference coaches. Tim McAndrew, Steve Ray, Wayne Berry, and Pat Sadler made All-Conference.

The factor that brought it all together was Coach Rod Rudisill. His fine coaching and encouragement has again made South Point respected in another sport. His dedication was recognized when he was voted the 1981 Coach of the Year in Cross Country. Some of the newer members showed promise

for the future. They, and the returning of Ray, Berry, and Moore, should lead the way for another good season for the South Point Running Raiders.

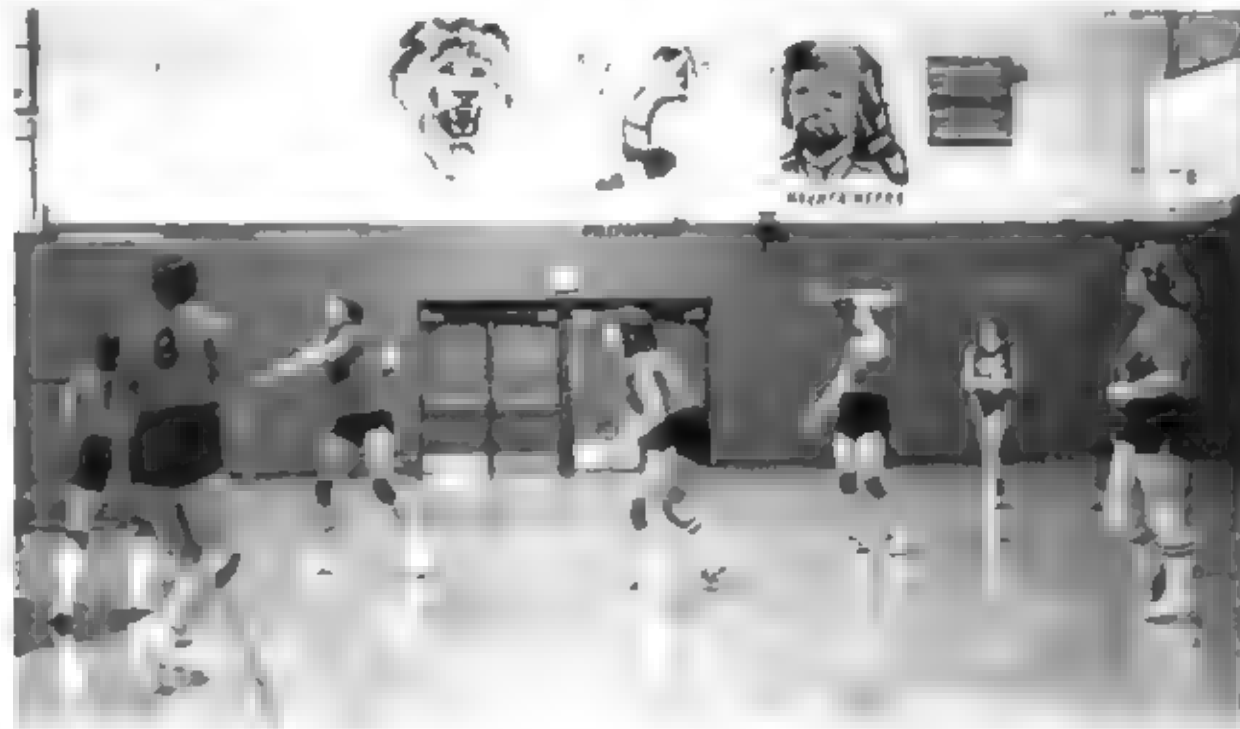

# Volleyball '81

Standing: Darlene Smiley, Kris Culp, Debbie Bass, Jamey Perkins, Vonda Johnson, Leah Wentz, Donna Brown, Myra Lancaster, Laura Benton, Karen Leatherman. Kneeling: Michelle Hunt, Marty Earney, Lisa Shields, DeeDee Rhinehart, Carrie Hashbrouck, Wanda Black, Coach Jones.

Considering that there were only four returning players this year Girl's Volleyball Team did very well. The team was seven in eight. The two All Conference players were Myra Lancaster and Jamey Perkins.

Fourth Row—Derrick Howard, Buddy Wiggins, Andy Carpenter, Danny McKinney, Jeff Mitchen, Mark Armstrong, Gerald Williamson, Willie Fleming, Steve Reese, Anthony Scruggs, Mark Patterson, Brian Holland.

The Red Raiders of 1981 were picked to be one of the top contenders for the conference championship. After disappointing losses to Ashbrook 13-12 and arch rival East Gaston 13-8, the Raiders began to roll. The first win came over North Gaston 14-12, next Shelby fell 21-20 in overtime and the Raiders defeated Burns on Homecoming 13-0.

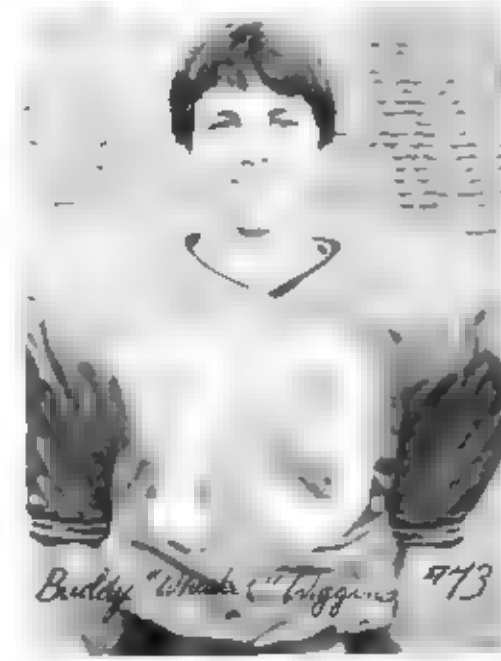

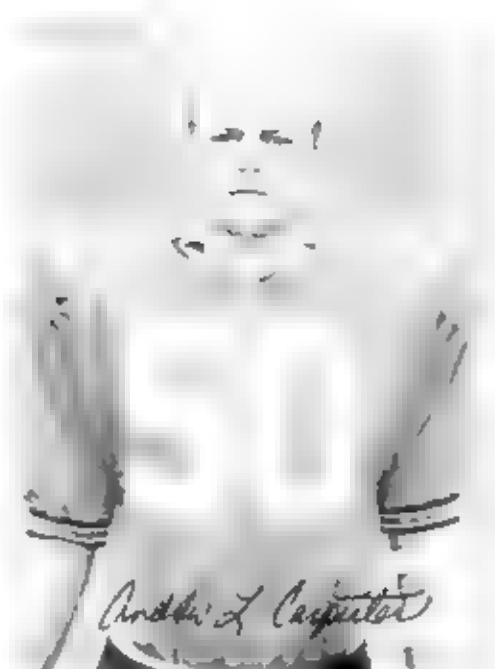

With a 3-1 conference record it looked like the Raiders were rolling toward another championship, but this was not to be. The next two games were losses to R.S. Central 7-0 and Kings Mt. 6-0. These losses knocked the Raiders out of contention. The Raiders played their best game of the year against defending champion Crest leading 14-7 late in the game before finally losing in overtime 17-14. To avoid their first losing season in history the Raiders defeated East Rutherford 42-18 and Chase 28-0.

Todd Whisnant one of South Point's Sophomore Raiders received a broken leg during a scrimmage game, and was out the rest of the season. Todd is looking forward to returning and playing for South Point his Junior and Senior years.

# Wrestling '82

The individual achievements of this year's wrestling team did not reflect their overall record. Many of the members racked up outstanding records. Bucky Hinson placed first in Gaston County at 155 pounds and only lost one match during the season. Leon Philbeck and Buddy Wiggins defeated about 80% of their opponents. Leon Philbeck also placed second in the conference for his weight class.

Most of the heavyweights were experienced, but for many of the lightweights, this was their first year. This returning experience brought on a much better season than last year. With the good coaching of Butch Adams and Tracy Schiff, some of the rookies showed promise for the future.

With more experienced members returning next year, the South Point Grapplers should take on a much stronger position in the conference.

Standing: Britte Mauldin (statistician), Bucky Hinson, Barry Tomlinson, Leon Philbeck, Anthony Scruggs, Buddy Wiggins, David Griffin, Tracy Schiff (assistant coach). Kneeling: Jeff Lowrance, Greg Lowrance, Kevin Norton, Keith Lucas, Jimmy Arndt, David Delinger, Pat Merritt. Sitting: Kevin Summitt, Scott Fox, Mark Thomas, Andy Berry, William Haller, Ben Swann, Lee Faulkenberry, Roger Williams.

Top Right: Bucky Hinson puts his opponent in a predicament.

## J. V. Basketball '82

Standing: Darryl Lee (manager) Tony Wiggins, Kevin Payseur, Slate Thompson, Greg Briley, Ronnie Billets. Kneeling: Craig Hunnicutt, Scott Lee, Shawn Hux, Bryan Moore, Jeff Biggerstaff

The 1982 Junior Varsity Basketball team was young and inexperienced. However, many of the players worked hard and showed a big desire for continued improvement. The season was not completely dominated by losses. Slate Thompson, Bryan Moore, Bernard Davis, and Scott Lee exercised their talent and did turn up victories.

## Earl's Pearl's

Kneeling—Lisa Heafner, Carrie Hasbrouck, Lesa Shields, Dee Dee "Enos" Rhinehardt, Marti "Shortstuff" Earney, Delores "D" Watson, Standing—Dawn "Mornin'" Perkins, Julie "Hatchet" Hayes, Myra "Flaky" Lancaster, Jackie Jeter, Tracy "Spacey" Jenkins.

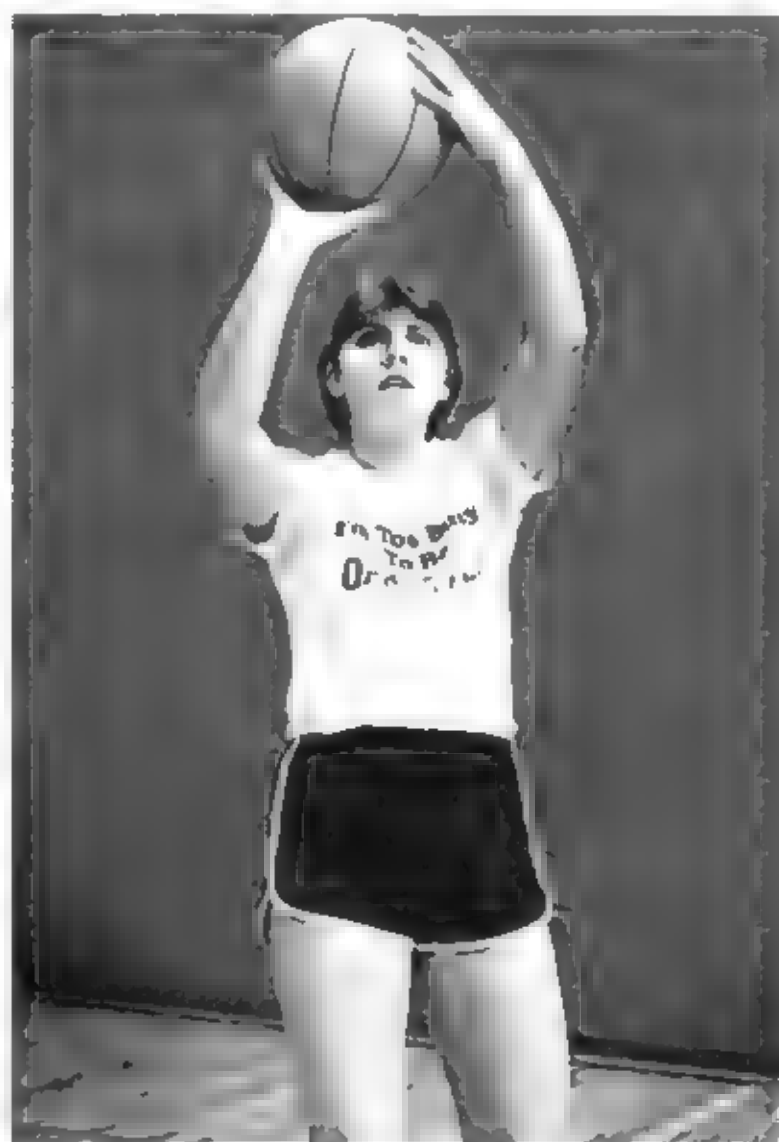

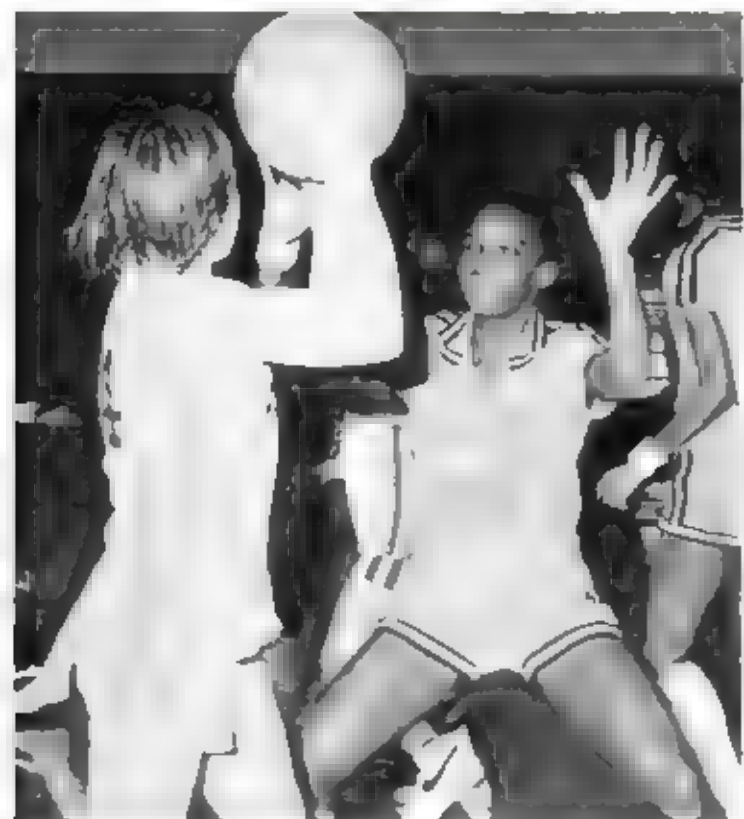

The 81-82 basketball season seemed to be a up hill battle for the Raiderettes. With only one returner with any experience the battle would be even tougher. The team had only two Seniors: Myra "Flaky" Lancaster, and Dawn "Mornin'" Perkins and no height with the tallest member on the team being 5 ft. 7 in.

For the first time in three years we had a good turn out of sophomores which could mean that the future could be better. Marti Earney, Lesa Shields, Carrie Hasbrouck, Tracy Jenkins, Jackie Jeter, and Julie Hayes will all be back for two more seasons which could mean a lot more success in the future, to go along with these first year players was junior Delores Watson who could have a bright future ahead of her.

Things should be looking bright for the Raiderettes in the future!—Coach Earl Lingerfeldt.

## Boy's Basketball

Although we finished with a poor record, the Red Raider Varsity played as well as it could and showed dogged determination especially in the second half of the season. The first game of the season against Ashbrook was the only game in which the Raiders went down to defeat by a wide margin.

Maybe the "never say die" Raiders of the 81-82 season proved that the spirit of S.P.H.S. athletics is still here.
